

Principles of Art, A/V, and Communications

Students will earn one full high school credit for the successful completion of this course.

Students will explore current industry careers and future educational goals.

Students will create, edit, and share multiple media projects.

Students will explore current social and world issues and offer solutions with the use of technology.

Students will check their grades and progress in class weekly.

All assignments and tutorial videos will be posted on the Arts, A/V Tech tab of Mrs. Brown's website at <http://brownbytes.weebly.com>

All students will be provided with a second academic chance (SAC) or a fun-Friday each week. If a student is failing or has missing assignments they will use SAC otherwise they will enjoy a time for educational games or time to use technology with other classes.

Grades:

- Research benchmarks/skills development/discussions - 20%
- Unit Classwork - 20%
- Assessments - 25%
- Projects/ Presentations - 35%
- **At the end of each semester the students will complete a semester assessment that makes up 20% of their overall semester average and will be listed on the report card under the semester exam column.

Please feel free to contact Mrs. Brown at hbrown1@neisd.net any time.
